

Accelerating Better Outcomes

Lead the Way | September 25, 2023

Meet Our Company

With over six decades of combined experience, CNSI and Kepro have **come together to become:**

Our purpose is to accelerate better health outcomes through quality healthcare

Our vision is to be the vital partner for healthcare solutions in the public sector

Our mission is to continually innovate solutions that deliver maximum value and impact to those we serve

Stakeholder Collaboration and Communication

- Continue to meet key stakeholders and develop relationships to understand their unique needs and concerns.
- Provide regular communication to inform and engage stakeholders in program implementation
 - Provide contact information including general email
 - Regular meetings (virtual and in-person)
 - Direct telephonic and email communication
 - Indirect communication through stakeholder channels (e.g., newsletters, trainings, events, websites)
 - Web-based informational resources.
- Develop and deliver trainings and education sessions for PASRR promoting understanding of program structure, processes and requirements.
- Seek actional feedback from the representative groups of stakeholders
- Administer annual surveys for providers and stakeholders

Purpose of PASRR

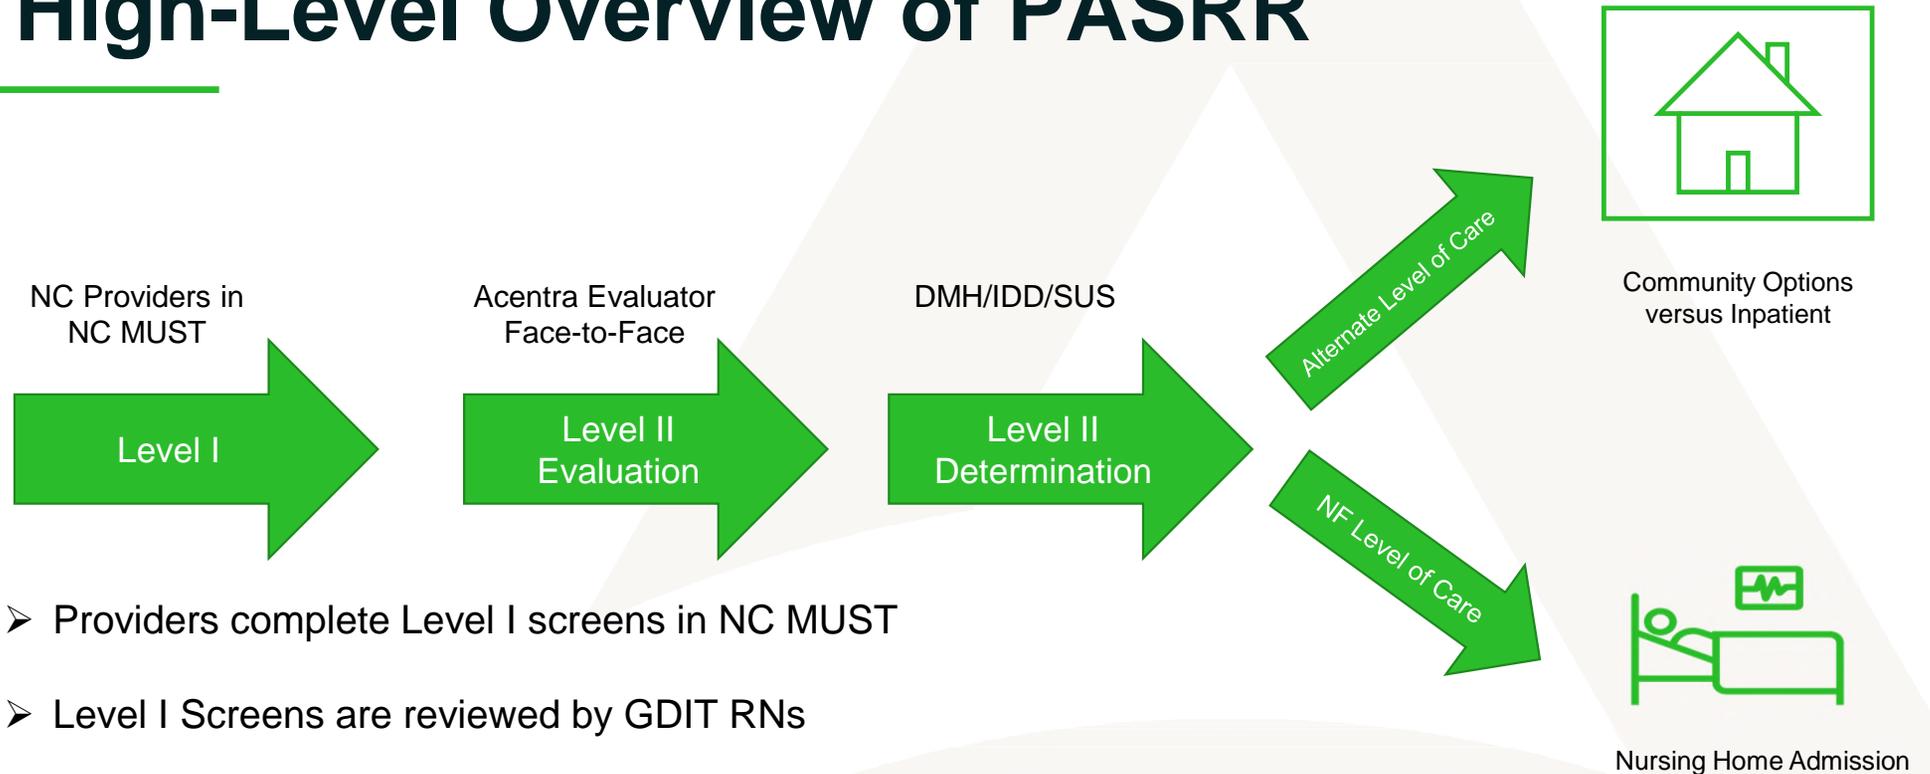

- Pre-Admission Screening and Resident Review (PASRR) is a federal requirement mandated by the Social Security Act, Title 42, Subpart C, Sections 483.100 through 483.138, Code of Federal Regulations.
- PASRR is intended to ensure that Medicaid-certified NF applicants and residents with possible serious mental illness (SMI), intellectual disabilities (ID), or related conditions (RC), are identified and evaluated for the need for nursing facility level of services and other specialized services.

Goal of PASRR

- Provide services to individuals with SMI/ID/RC while receiving nursing facility care
- Support community setting options for vulnerable populations

High-Level Overview of PASRR

- Providers complete Level I screens in NC MUST
- Level I Screens are reviewed by GDIT RNs
- Evaluations are completed by master's level clinicians, licensed in the state of NC
- Evaluations are uploaded to NC MUST for DMH Review
- Determinations and notifications are completed by DMH/IDD/SUS

Documentation for Level II Referral

- ✓ Start the PASRR process as early as possible
- ✓ Upload complete referral packets, including psychiatric documentation if applicable
- ✓ When we call to confirm the location, let us know of any additional documentation, such as medical certifications

Level I Form (completed within NC MUST system)

NC Medicaid Long Term Care FL2 Form

History and Physical (H&P)

Medication List (MAR)

Relevant Treatment & Psych Notes

PASRR Level II Evaluation

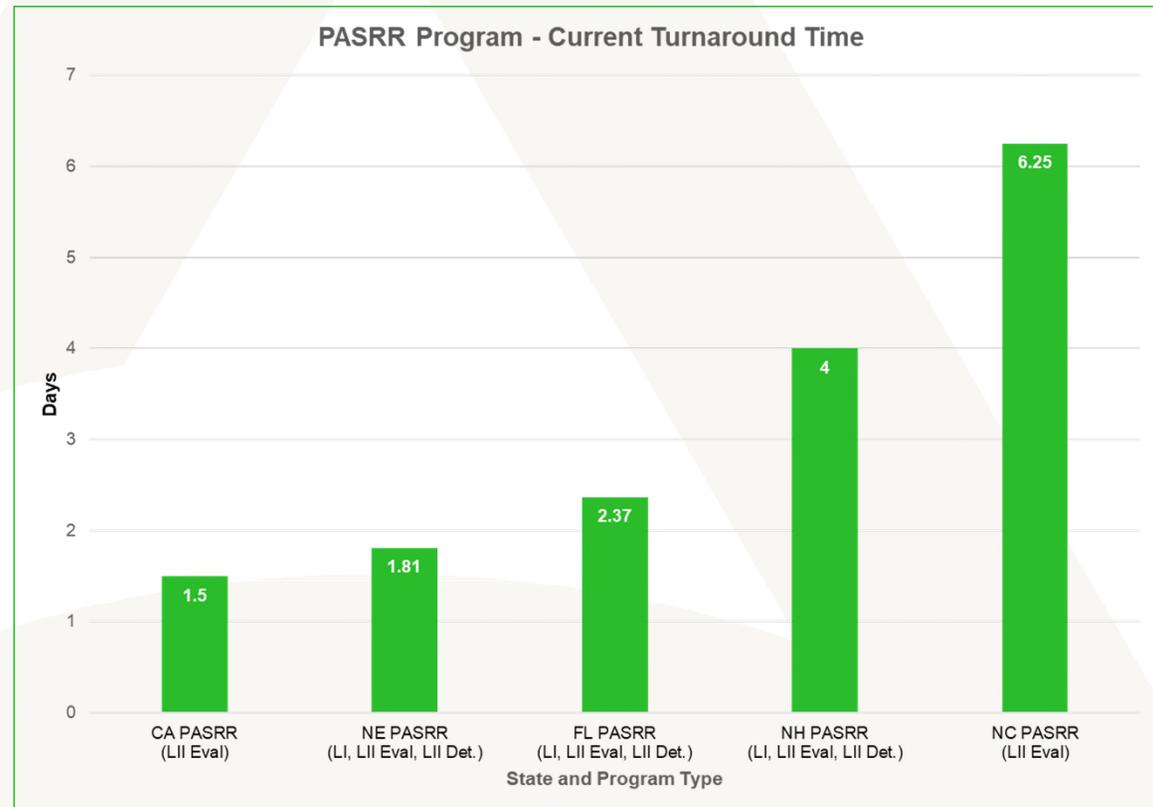

- Federally compliant PASRR system and process utilizes, collects, and tracks required Level II evaluation data elements, such as:
 - History and Physical
 - Substance abuse history
 - Psychosocial evaluation
 - Psychiatric history
 - Functional assessment
- Person-centered, face-to-face assessment emphasizes:
 - Strengths, abilities, interests, supports
 - Medical, physical, and developmental needs
 - Prior services/living arrangements
 - Person's preference for care and inclusion activities
 - Options for receiving services within a community setting

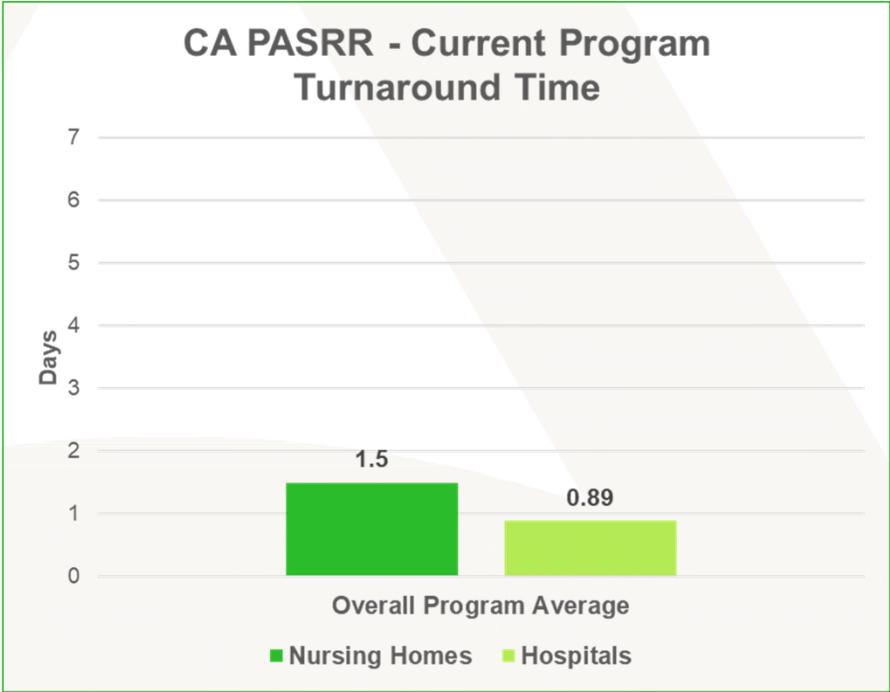

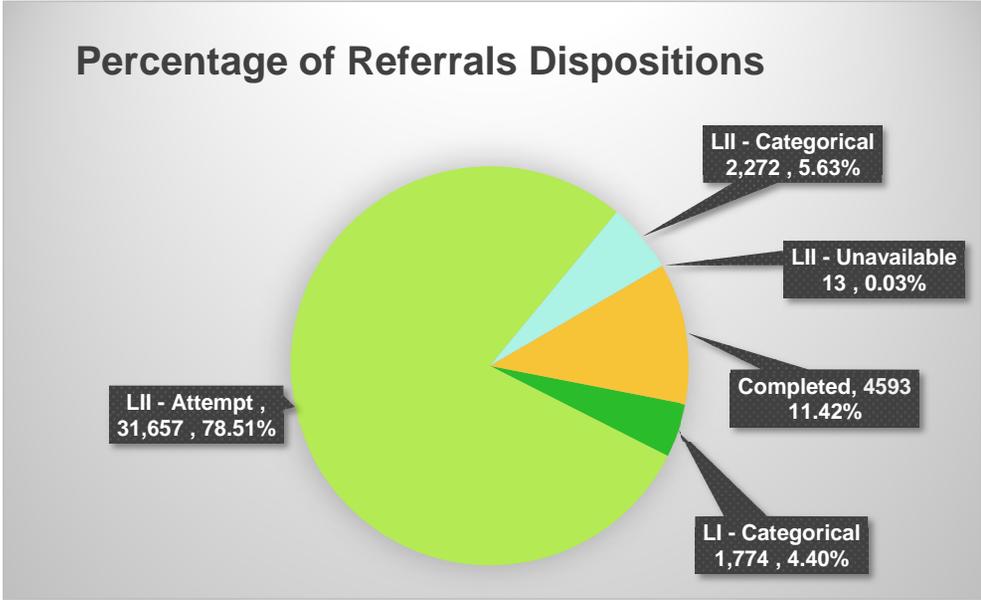

Acentra's PASRR Programs: CA, FL, NC, NE, NH

- Outcomes and Highlights:

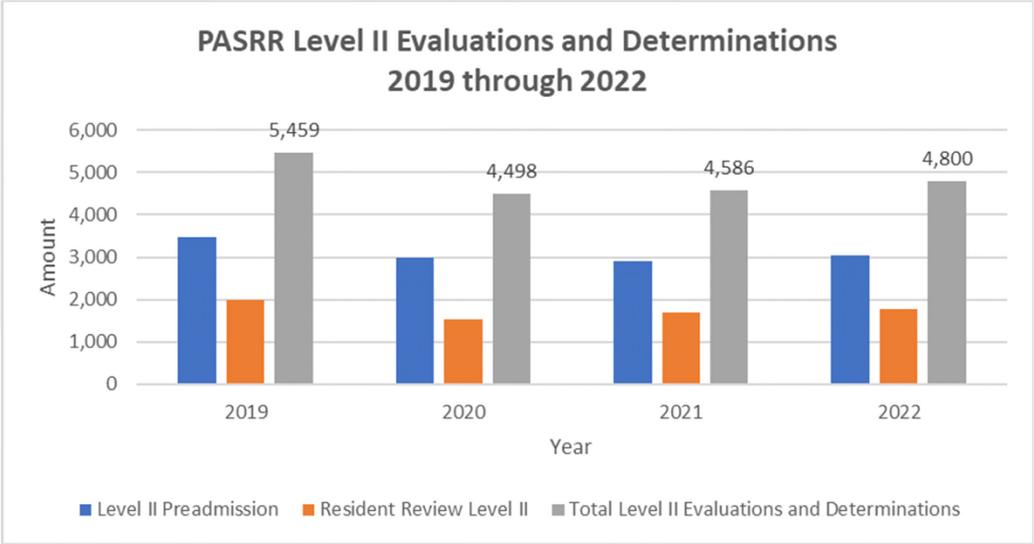

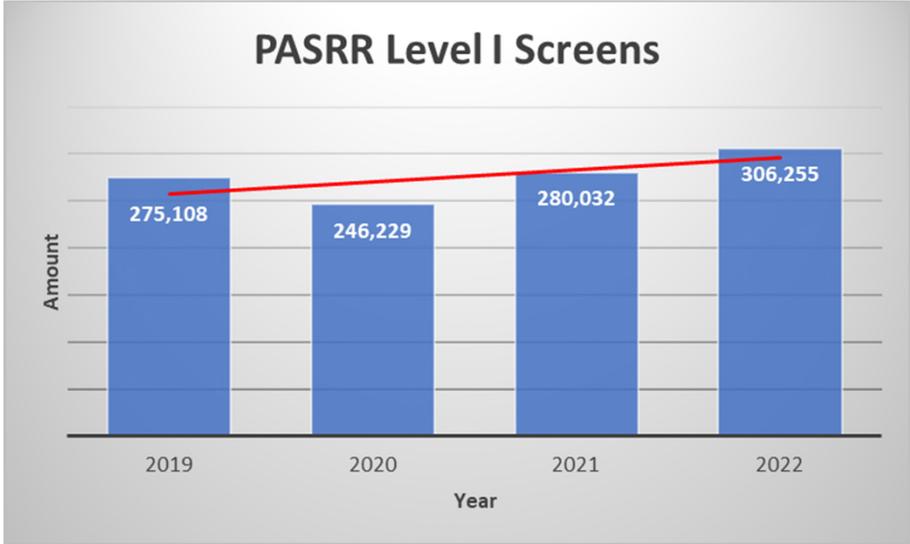

- First Annual Joint Training with Nebraska's State Surveyors and Nursing Homes
- Quality Improvement Project (QIP) focusing on SMI determinations
- QIP for turnaround time
- QIP for Administrative Closures (due to missing documentation)
- Reconstruction of state mental health evaluation tool and definition for SMI
- Proposed Rule - CMS-2418-P Workgroup
